News From Boston Mission

News From Boston Mission Pastor

We have been searching for space since we arrived in Winthrop. Though we still have not located a more permanent meeting space, we have found a place that can house our offices. Over the past 2.5 years, we have operated ALL the matters of the church from our home, and I can testify, it has had its difficulties. On any given day, we may have 10-12 people meeting in our home. From our contribution team to our student ministry, community group leadership, counseling sessions, and various other meetings, our home has been the epicenter of activity for the church. Though we will still host our community groups at our home, we have a new space for all things church related.

The former Brown's Drugstore will house the offices of Harbor City Church. Having this space will open up countless opportunities for Harbor City Church. It legitimizes who we are by having an official workspace. Currently, the only time people see us is when we are serving in the community or on Sunday morning when we have our signs out during services. Now, Harbor City Church will be represented and remain visible 24/7. The sign will have our logo and name displayed for everyone to see. We will have a place for community groups and student ministry to meet. We will have a place for students every day after school. Our various ministry teams will have a place to meet during the week. I can keep office hours and have a quiet place to study. We will have adequate space in the basement of our new office to store ALL our outreach items, soccer equipment, tables, chairs, movie night equipment, etc. Thank you for your support!
